COUNTY: San Luis Obispo

ORDER CANCELLING PRELIMINARY CEASE AND DESIST ORDER 81-1

BY THE BOARD:

1. Permit 8964 (Application 12526), as amended by Order dated June 1, 1972, allows Templeton Community Services District (District) to divert 1.5 cfs from the Salinas River between October 1 and April 1 of each year (Condition number 1).
2. Because the District was diverting water year round, the matter was brought to the attention of the Board and Preliminary Cease and Desist Order 81-1 was adopted on September 17, 1981. The order set a time schedule for the District to obtain an alternate source of supply. An alternate supply was necessary for the District to meet its domestic and municipal needs during the summer months.
3. The District requested that Preliminary Cease and Desist Order 81-1 be cancelled since two wells had been drilled and tested as to their capacity which was found to be adequate to supply the water needed during the months the District is not authorized to direct water from the Salinas River. A proposed order cancelling Preliminary Cease and Desist Order 81-1 was prepared for the May 1986 Board Workshop. The proposed Order was deferred pending water quality tests on the wells. The tests were completed and the wells were able to meet the District's water demands during the summer of 1986.

4. The District is now in compliance with the terms and conditions of its permit.
5. The order is exempt from the Public Resource Code, Sections 21000, et seq in accordance with Section 15321 of Title 14 of the California Administrative Code.

THEREFORE, IT IS HEREBY ORDERED THAT:

Preliminary Cease and Desist Order 81-1 regarding Templeton Community Services District is cancelled.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true and correct copy of an order duly and regularly adopted at a meeting of the State Water Resources Control Board held on February 19, 1987.
